- Texts must be sent electronically either as .doc or .docx files at caminando@cdhal.org.

Length

- Articles should be between 1,000 and 2,000 words approximately, including the author's biography, notes, references, tables, figures and images.

Structure

Texts must include the following:

- The **title** must be meaningful and must include a maximum of 15 words. Sub-titles are recommended throughout the text to clarify the structure and to facilitate the reading.
- The **title** and **sub-titles** must be written in lower case, bold letters.
- The names of the author(s) must appear below the article's title, and a brief **biography** of about 75 words must appear at the end of the text.
- The recommended structure of the text consists of an introduction, an argumentation, and one or many conclusions.
- **Tables and figures** must have their own short titles, must be inserted at the right location in the text, and must be sent by email in high resolution (.jpg or .png).
- To better organize the text, it is recommended to highlight in yellow 2 or 3 epigraphs (short sentences). (taken from Les éléments essentiels d'un article).
